

Το χαρακτηριστικό των βιβλιοθηκών “Smart” είναι τα εξωτερικά πλαίσια μελαμίνης πάχους 18 χλστ που περιβάλλουν τα εσωτερικά πλαίσια που σχηματίζουν το σκελετό της βιβλιοθήκης. Ο σκελετός είναι από πλαίσια μελαμίνης πάχους 18 χλστ ενώ τα ράφια-πατοί έχουν πάχος 25 χλστ. Όλα τα πλαίσια, σε διάφορα χρώματα επιλογής, είναι επενδυμένα με PVC. Ο σκελετός και η πλάτη συναρμολογούνται και στερεώνονται με ανθεκτικούς (heavy duty) μεταλλικούς πείρους “KD”. Οι πόρτες, η κάθε μια με το δικό της χερούλι, μπορεί να είναι από μελαμίνη ή από γυαλί με λεπτό πλαίσιο αλουμινίου.

The characteristic feature of the “Smart” cabinets is the outer perimetric boundary made from melamine panels of 18 mm thickness. The structure of the cabinets is made of melamine panels of 18 mm thickness while the shelves are of 25 mm thickness. All panels, in various optional colours, are edged with PVC. The frame and the back are assembled and secured with “KD” type heavy duty metal bolts. The doors, each with its own handle, are either from melamine, or, from glass with thin aluminium frames.
