Hide

#### FIRE RESISTANCE:

Technical Bulletin 117/00 sez E part. 1 EN 1021 parte 1/94, parte 2/94 BS 5852/90

#### PROPRIETIES AND ADVANTAGES

The hide is a hygienic and very practical product: it resists to wear, it's impermeable to water but, at the same time, the hide wicks air and sweat. The hide is obtained from the skin of bovines brees and slaughtered for food purposes and subsequently treated with chromium salts.

#### CLEANING INSTRUCTIONS

Use only a damp, non abrasive cloth; do not use products containing solvents or alcohol that may damagethe surface. It is advisable to test an invisible area of the product before cleaning it all. For good preservation of the product purchased, it is unadvisable to expose it to direct sunlight that may alter its features and colours. Any surface imperfections are natural features of hide and guarantee that it is an original product.

### **Materials Certifications**

Tuscan Hide

Tuscan Hide does not fear to get aged since the oldest it gets the more unique it becomes. It is a material deriving from animal's leather which suffer a process called "vegetable tanning" with natural tannins and with the help of some products biologically compatible whether for the dyeing or for the finishing.

Any possible imperfection, sign, scar, stain of the Tuscan hide surface are a natural characteristics which guarantees its originality.

**Bubble Fabric** 

MARTINDALE: 35'000 cycles

COMPOSITION: 100% PES

FIRE RESISTANCE: BS5852:2006 (p. 11 CRIB 5) EN1021-1 EN1021-2 UNI 9175:2010 - classe 1 im

#### PROPERTIES AND ADVANTAGES

Bubble is a polyester fabric entirely manufactured and tested in Italy which has been studied for the upholstered furniture sector. Made applying special technical finishings that reduce height and increase thickness of the geometrical shapes on the surface. This fabric is highly resistant and both its warp and weft are 100% fireproof. Since it has successfully passed the most exacting reaction to fire tests, it can be used in the professional and hospitality/ contract settings. Bubble mixes together the elegance, the embracing materials and the prestige of traditional home fabrics with the resistance and the high technical performances typical of contract textile.

Slight color differences between a lot and the other are to be consdered normal.

#### Carabù Fabric

COMPOSITION: 50% PES, 35% AC, 15% PA

MARTINDALE: 250.000 CYCLES

FIRE RESISTANCE: BS 5852 1-2 EN 1021 1-2

PROPRIETIES AND ADVANTAGES:

This special fabric allows you to eliminate little stains of wine, coffee, food and some markers without having to resort to complete washing with detergent.

#### MAINTENANCE

Use periodically vacuum cleaner on the surface with a flat spout. In order to treat the stains, remove the excess residue left on the fabric by applying (directly or with an absorbent cloth) water on the stain; then rub gently on the fabric. If the stain does not disappear completely repeat the procedure as many times as necessary.

Slight color differences between a lot and the other are to be consdered normal.

# **Materials Certifications**

Cotton	Club	Fabric

COMPOSITION: 70 % COT; 10% PES; 10% ACR; 10% AF

#### WASHING

Dust gently and in case of light stains pass the surface with a damp cloth or a neutral detergent, rinse with water without squeezing. Let the fabric dry inside out avoiding direct exposure to the sunlight. Iron to the reverse at low temperature. The following instructions are recommended for small located and more obstinate stains

(oil, fat, cosmetics, ink, coffee, liquor, chewing-gum etc.): dissolve immediately with clear ethylic alcohol diluted in water to 20%, dab and then treat with a neutral detergent solution. Rinse abundantly.

#### **GENERAL WARNINGS**

To avoid permanent stains, the lighter colours of the article should not be brought into contact with textiles and clothing coloured with unfixed dyes. We cannot guarantee the ability to remove unknown dyes from light coloured product.

Slight color differences between a lot and the other are to be consdered normal.

### **Materials Certifications**

Fenix Wool Fabric

Martindale: 100.000 cycles Composition: 75% wool; 25% Polyammide

FIRE RESISTANCE CLASSE 1 IM, EN 1021 Part 1-2, Calif. Bull. 117

#### PROPRIETIES AND ADVANTAGES

The particular finish of the Fenix Wool fabric is obtained by a stabilization treatment which gives a particularly soft hand but very consistent, able to achieve excellent values of resistance to pilling and abrasion. This fabric is made from regenerated wool. The recycling allows the creation of fabrics even more varied and rich in composition with inimitable content of fantasy. The very contemporary color palette is coordinated harmoniously both for domestic and for the office sector. The fabric is produced entirely in Italy.

#### CLEANING INSTRUCTIONS

We recommend to use a regulary vacuum cleaner with plain tip, do not brush. Dry cleaning is recommended. Some colorants used for garments or accessories (i.e. jeans) may the stain pale colours

of this product. This tendency increases in a damp, warm environment.

### **Materials Certifications**

#### **Hot Fabric**

MARTINDALE: 45'000 cycles

#### COMPOSITION: 100% PES

FIRE RESISTANCE: BS5852:2006 (p. 11 CRIB 5) EN1021-1 EN1021-2 UNI 9175:2010 - 1 IM

#### PROPERTIES AND ADVANTAGES

Hot is a polyester fabric entirely manufactured and tested in Italy which has been studied for the upholstered furniture sector. Special dying methods are used to provide volume to Hot fabrics and make them extremely soft. This fabric is highly resistant and both its warp and weft are 100% fireproof. Since it has successfully passed the most exacting reaction to fire tests, it can be used in the professional and hospitality/ contract settings. Hot mixes together the elegance, the embracing materials and the prestige of traditional home fabrics with the resistance and the high technical performances typical of contract textile.

#### CLEANING INSTRUCTIONS

Pen: treat immediately using denatured colorless alcohol. Brush then using neutral detergent and put in washing-machine. Milk, butter and oil: absorb immediately using blotting paper. Brush then using neutral detergent and put in washing-machine. Drinks: rinse immediately with abundant water and neutral soap. Put then in washing-machine. Adhesives and chewingum: harden the stain using some ice, remove the residues, apply a lubricant solution and let it dry. If necessary, repeat the operation and put then in washingmachine. Food debris: brush with water and neutral soap or with alcohol clituted in water at 20%. Put then in washing-machine.

Slight color differences between a lot and the other are to be consdered normal.

**Fiore Leather** 

COMPOSITION: 100% pelle

FIRE RESISTANCE: BS 5852:1979 BS EN 1021-1-2:2006

#### PROPRIETIES AND ADVANTAGES

The Fiore leather is a bovine leather of european origin, corrected and embossed for enhanced grain consistency. Finished using water based system. This product has a pigmented and protective top coat, with a soft handle and a silky matt finish.

#### CLEANING INSTRUCTIONS

Grain leather offers the benefit of improving in the course of time and with wear, both in terms of softness and sheen. To remove stains, it is advisable to rub the affected area with a clean, soft cloth or use a solution of water and a little neutral soap that must be applied gently onto the stain using a damp cloth. Rinse thoroughly and leave to dry away from direct sunlight.

# **Materials Certifications**

#### Vintage Leather

Our Vintage Leather is a natural product, therefore the signs and imperfections on its surface, such as wrinkles, veins, scars and scratches as well as color differences are not to be considered defects but typical characteristics that enhance the beauty of the real leather and distinguish it from synthetic leather and other artificial products.

#### MARTINDALE: 50.000 cycles

#### PROPRIETIES AND ADVANTAGES

This leather with a distressed effect comes from Bovine of European origin. This high quality article is obtained starting with nubuck leather, which is slightly levelled with aniline and hand rubbed to give an aged effect. It has a very warm and silky feel.

#### CLEANING INSTRUCTIONS

Vintage leather offers the benefit of improving in the course of time and with wear, both in terms of softness and sheen. Remove stains with a damp cloth and leave to dry away from sunlight. Do not use chemical detergents.

The Fiore leather is a bovine leather of european origin, corrected and embossed for enhanced grain consistency. Finished using water based system. This product has a pigmented and protective top coat, with a soft handle and a silky matt finish.

#### CLEANING INSTRUCTIONS

Grain leather offers the benefit of improving in the course of time and with wear, both in terms of softness and sheen. To remove stains, it is advisable to rub the affected area with a clean, soft cloth or use a solution of water and a little neutral soap that must be applied gently onto the stain using a damp cloth. Rinse thoroughly and leave to dry away from direct sunlight.

# **Materials Certifications**

#### Vintage Leather

Our Vintage Leather is a natural product, therefore the signs and imperfections on its surface, such as wrinkles, veins, scars and scratches as well as color differences are not to be considered defects but typical characteristics that enhance the beauty of the real leather and distinguish it from synthetic leather and other artificial products.

#### MARTINDALE: 50.000 cycles

#### PROPRIETIES AND ADVANTAGES

This leather with a distressed effect comes from Bovine of European origin. This high quality article is obtained starting with nubuck leather, which is slightly levelled with aniline and hand rubbed to give an aged effect. It has a very warm and silky feel.

#### CLEANING INSTRUCTIONS

Vintage leather offers the benefit of improving in the course of time and with wear, both in terms of softness and sheen. Remove stains with a damp cloth and leave to dry away from sunlight. Do not use chemical detergents.

Hide

FIRE RESISTANCE: Technical Bulletin 117/00 sez E part. 1 EN 1021 parte 1/94, parte 2/94 BS 5852/90

#### PROPRIETIES AND ADVANTAGES

The hide is a hygienic and very practical product: it resists to wear, it's impermeable to water but, at the same time, the hide wicks air and sweat. The hide is obtained from the skin of bovines brees and slaughtered for food purposes and subsequently treated with chromium salts.

#### CLEANING INSTRUCTIONS

Use only a damp, non abrasive cloth; do not use products containing solvents or alcohol that may damagethe surface. It is advisable to test an invisible area of the product before cleaning it all. For good preservation of the product purchased, it is unadvisable to expose it to direct sunlight that may alter its features and colours. Any surface imperfections are natural features of hide and guarantee that it is an original product.

### **Materials Certifications**

Tuscan Hide

Tuscan Hide does not fear to get aged since the oldest it gets the more unique it becomes.

It is a material deriving from animal's leather which suffer a process called "vegetable tanning" with natural tannins and with the help of some products biologically compatible whether for the dyeing or for the finishing.

Any possible imperfection, sign, scar, stain of the Tuscan hide surface are a natural characteristics which guarantees its originality.

Vintage Faux Leather

MARTINDALE: 50'000 cycles

COMPOSITION: 80% PVC; 2% PU; 18% PES

FIRE RESISTANCE: UNI 9175: classe 1IM EN 1021-2

#### PROPRIETIES AND ADVANTAGES

This faux leather's surface is made using a microscopic texture which makes it similar to natural leather to the touch while keeping the typical characteristics of technical fabric such as endurance and ease of use. The Vintage faux leather features a special mesh fabric construction, slightly elastic, that makes it easily adaptable to the new modern shapes of upholstered furniture and guarantees long life. Soft, enveloping and fire resistant, this fabric adapts to contract or residential spaces.

#### CLEANING INSTRUCTIONS

Dust gently and in case of light stains pass the surface with a damp cloth or a neutral detergent, rinse with water without squeezing. Let the fabric dry inside out avoiding direct exposure to the sunlight. Iron to the reverse at low temperature. The following instructions are recommended for small located and more obstinate stains (oil, fat, cosmetics, ink, coffee, liquor, chewing-gum etc.): dissolve immediately with clear ethylic alcohol diluted in water to 20%, dab and then treat with a neutral detergent solution. Rinse abundantly. To avoid permanent stains, the lighter colours of the article should not be brought into contact with textiles and clothing coloured with unfixed dyes. We cannot guarantee the ability to remove unknown dyes from light coloured product.
